	Apr 16	**2nd Place, California Cyber Innovation Challenge** Grade 10 awarded by the California State Legislature, 2016. I participated in a state-wide team competition involving securing virtual machines and finding hidden flags on a computer using cyber skills.

Leadership

Systems Control Lead, Westview High School Robotics, 2014 to present, approximately 5 hrs/wk. Position involves teaching and leading members of the Systems Control team to program the FIRST Robotics Competition robot which we build and compete with in regional tournaments.

Vice President, Desktop Development, Westview Software Developers Association, 2016 to present, approximately 3 hrs/wk. My responsibilities include leading a group of people in software project development in order to gain the collaborative work skills used in industry, i.e. time management, communication, and group and project management.

Vice President, San Diego Code Club, 2016 to present, 3 hrs/wk. I volunteer each week to help with programming outreach at local libraries, schools, and other community organizations.

Taking Israeli Scouts Youth Counselor year long class, 2014-15
